20 purchases = \$20* when
you use your debit card

Dear <<Customer Name>>:

We like you – so much that we want to give you money!

You'll earn \$20 for using your checking account debit card for 20 purchases of \$10 or more, and signing for them.

Beginning [Month X, 200X], simply make the purchases with your card before [Month X, 200X], and we'll credit your account ending in [XXXX] with the extra cash. Online and phone purchases qualify, too!

Making signature purchases and earning \$20 is this easy:

1. Use your debit card at any store for purchases of \$10 or more
2. Make sure the transaction is processed as "credit" — either on the keypad or by the cashier
3. The cashier will give you a receipt to sign. Autograph it and you're done. (Don't press "debit" or enter your PIN. If you do, your transaction won't qualify for this promotion.)

Your debit card is the smarter way to pay.

Using your card is faster than checks, safer than cash, and offers Zero Liability for fraud as well as MasterCard SecureCode™ for more secure online shopping. It will also save you trips to the ATM — just ask for cash back with any store purchase.

So swipe away and earn \$20!

Remember: Use your WaMu Debit MasterCard for 20 signature purchases before [Month X, 200X] to get in on the action. Enjoy your extra cash!

Sincerely,
